Sonoma Sept 27 & 28

Glad to see some out-of-towners are joining us this weekend. Looks like a good field with dogs, kats, Charlie, and Tom turning up.

Don't forget that Hwy 37 is closed as of 10PM Friday until Monday morning between Vallejo and the track.

At least a few of us will park up at the top of the hill since we're camping and it is quiet up there. See you out there!

I gave Will Faules a week to respond and have not received any answer to my email. Jerry W has a copy of what was sent. Steve I will leave it up to you as to what you think is the correct finishing order for Sunday's race. Instruct Ken on the tire money and how to distribute the points. If you make a change I will return the tropes and winners sticker at nationals. I will trust you judgement and final decision.

Tom, I appreciate you offering that concession but I'm not worried about points, trophy, or tire money. I think it is too late to change any of that anyway. The reason I came out so aggressively and publicly against what happened is so that it doesn't happen again.

You can't initiate a pass in view of a yellow flag no matter what is said on the radio. PRC intends to make that clear at the next event. The director of NASA took the same position. As long as that is clear to all for the future, I'm good.
