Anyone have a spare hood?

Anybody got a decent hood lying around? (see the Feb race post)

I've got all the other body panels except the hood. I might need a LF frame rail ahead of the strut tower but I think I can acceptably straighten mine out.

Hi Steve,

Sorry to hear about the mishap.

Don't have a spare hood but EASY has them for $150.

i've got one. clear coat is peeling, silver in color, i stole the latch for another hood, but i suppose that doesn't matter to you since you're a hood pin guy. can be had cheap...

p.s. saw the pictures, doesn't look too bad, can't you remove your hood and stand on it to straighten it out? would save on paint, graphics

Sounds like a deal! I'll be out of town for a few weeks but maybe I can catch up with you when I get back in early March?

Check out my pics in the Feb thread.
