I just saw this on the PRC web site -- and sent you

an e-mail to check.

Do we want to set up near them or go for our normal area ?

I would say set up in our regular area.

The PRC guys normally take the far end corner space all the way to the track exit driveway so there's not too much room there for us.

Another fun race weekend.

Race report to follow this evening.

Here's a teaser photo:
