Socal Treads on NoCal's Turf @ Sonoma Posted by jivenjim - 10 Jun 2014 16:06
Hey NoCal Guys,
Is there a reason no one is at Sonoma this week?
Thomas and I are traveling the whole state and only Ken's coming to play
I know you guys had some cars bang up at Thunderhill.
I didn't think Steve got banged?
Hope you can make Laguna.

I was at Sonoma Saturday doing HPDE4 in my Mustang street car, was looking forward to saying hello to the ol' 944 Spec gang. Saw Ken's carno Ken though. I saw the other red 944, thought it might have been my old Swurvenwagen #44, but not.

Hi Guys,
Sorry you didn't make this one.
Glad everyone was ok from Thunderhill and cars are getting fixed.
Ken, Thomas and I had fun.
