They say every picture tells a story. Well, this could be the story of this past weekend. Fun stuff!

Trying to post the same photo as Everett and it's probably too large, so just imagine a lot of 944's going into T-3 at AAA and you'll have it:)

What a weekend! I want to say thanks for all the support from this great group! Jim Richmond getting us a starter, Clay getting us reference sensors, the push start, and all the words of encouragement. Great to see Jim Hicks again! Glad to finally be putting down lap times that would have me in the field. Dyno on Sunday afternoon showed that the car is putting down 133 at the tires. Can't wait for the comp school at Willow Springs.
