

October 13 & 14 at Buttonwillow

Racers, I know many of you have winded down a bit since Nationals, but don't forget the last race of the NASA So Cal season -- October 13/14 at Buttonwillow. Always a good time and good track.

Last year we did a BBQ event on the Saturday night, and there's interest in doing that again this year. Four different groups, including 944 Spec, provide food and NASA supplies kegs of beer.

So let us know who's in, and we can plan something good. Look forward to seeing you all!

Everett

I did talk to Tom today but it looks like that has already been done.

Anyone up for meeting at Willow Ranch for dinner Friday night?

Anyone testing on Friday?
