

## October 13 & 14 at Buttonwillow

Posted by dancing944 - 01 Oct 2018 07:51

---

Racers, I know many of you have winded down a bit since Nationals, but don't forget the last race of the NASA So Cal season -- October 13/14 at Buttonwillow. Always a good time and good track.

Last year we did a BBQ event on the Saturday night, and there's interest in doing that again this year. Four different groups, including 944 Spec, provide food and NASA supplies kegs of beer.

So let us know who's in, and we can plan something good. Look forward to seeing you all!

Everett

If you want, I can go to Smart & Final and get some ribs again? I think I got 10 packages last time, and they got demolished! Are we going to borrow a BBQ again? I think we borrowed Toms(7's) last time.

I am now signed up and will get there on thursday to start working on Everett's car.

I have a small BBQ in my motorhome but if we can use 7s Only BBQ that would be best.

Ribs sound great and I would be willing to put in \$100 of my huge winnings at Nationals to help fund that!

Is John N. coming, he can bring beer.

Then I'll get \$100 worth of ribs! Sides will have to go to someone else! This time I'm nabbing a few off the grill while I cook, I missed out last time, but there was plenty of other food. I just found out that TT is doing pizza.

Do you think \$100 is enough? There will be several people there. I'm happy to pitch in, and I'm sure others will as well.

I'm also happy to pick up something else. What do people like? Potato salad and cole slaw, perhaps?

Joey, I do want to make sure you don't get stuck cooking and miss out. Can some others help him with that?

Remember, Ryan will have kegs there.

Thanks,

Everett

Charlie - can you ask about borrowing 7's only grill please? it is huge and if we are without....?

I thought Ryan is providing kegs? is that confirmed?

How about bbq sauce, dry rub, potato salad and slaw as well, and 4million napkins?
