

2019 points

Hey all, 6 races(3 weekends) into the season and I was checking out the points. I see Jerry is listed twice and therefore does not have the correct total of 433. Which would have him in third only 54 points behind Chuck! Can we update this?

I noticed that as well. Did mention it to Jerry.

I think it needs to be Ryan F to make the change.

Probably an email to him would get it fixed.
