Any central region 944 owners or current spec drivers please chime in !

I hope to have 5 cars at EVERY event next year ! So let's keep 944 the largest class in the region.

I can be contacted off forum at svochuck at aol dot com .

Good to see things coming along with 944-Spec in this new region. As a former racer in the series I loved every moment of it.

Wow, that's awefully close to NASCAR!

Great to see this "hole" start to be filled in!
