

Potential 944 Spec/Cup/HPDE car

Posted by nurnsport - 10 May 2009 09:42

1985 944 with newly rebuilt engine (less than 10 miles on it) New pistons, bearings, belts, rollers, WP, starter, clutch etc.

> Header (have stock header exhaust also)

> Jacobs 8.8mm wires

> Trap door oil pan

> A/C delete bracket

> Adjustable Koni Sport shocks

> 951 bars frt/rear

> Weltmeister springs in front

> SS brake lines

> Spindle mount brake ducts

> Auto Power bolt in roll bar

> Hawk pads

> Converted to manual steering (have PS pump)

> Hankook Ventus R-S2 tires

> interior partially removed.

Install a good seat and do an alignment and your set for a track day.

\$2500

I have a friend in NorCal that might be interested in buying this. Please send photos to

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

and try and find out some costs on open carrier transport costs to San Leandro, Ca 94577. Thanks.

If the car is still available can you please send some pictures to

This e-mail address is being protected from spambots. You need JavaScript enabled to view it

. I am in NE Ohio and can pick car up easily.

Thanks,

=====
