I'd like the exhaust headers if they're still available.

Ryan

Yes header is still available. It is only the two upper pieces and does not include the Y pipe/collector.

I leave to go out of town Monday AM so I cannot ship till next week.

I will be online so I will see any messages you post.

Thanks,

No problem, I'll still want the header and let me know how you'd like me to pay you.

Ryan
