Selling a good OEM Sekurit windshield pulled from a 84 944

It's pulled and all the adhesive is removed ready to install.

\$80 Local Pick up in Southern Pines NC 28387 Zip or

I have shipped these with success Fedex by padding up the edges and blocking with styrofoam then overall box it measures just under the oversize classification. \$10 to pack it + Fedex at cost based on Zip. I normally bump the insurance up to \$200 and request signature (so carton can be inspected ~ no drop off and run on their part) I have some large labels Noting AUTO GLASS - Fragile. If Fedex breaks it and we process the claim we I can get you your money back that way. I can email pictures if you need to see it. Accept Paypal personal payment, Cash or Money order.
