

WTB: Short 5th

Posted by Manuel_M - 28 Jul 2013 17:08

Hey Guys, my trans-axle is leaking and since I have to work on it I might as well drop the short 5th in too; however, I've been searching the interwebs with no luck. Does anyone have an extra short 5th for sale or can point me in the right direction?

Thanks, Manny

You can order the two gears you need from these guys cogscogs.com. This got me riled up enough to create an account. I've also been looking for a short 5th, so I used the website's contact form, and it bounced. It was trying to send an email to epullitautoparts.com, and when you check the whois for that domain, it comes back "German Auto Dismantlers".. I'll look somewhere else.

As promised, I got my short 5th set a week ago. It took awhile but I wasnt in a rush. If buying a used set from cogscogs.com just note he doesnt have them laying around.
