

WTB Tall 5th

Posted by darrenbt - 26 May 2014 15:12

Hello 944 Spec!

I'm in need of a tall .72 5th gear set for my 944 V8 swap and I heard this is a good place to look.

Anyone have a tall 5th gear set they are looking to sell outright? I am located in Canada (T6L1B8) so the seller would need to be willing to ship to Canada. I am not willing to sell my short 5th until I've had the shop swap gears so I'm not looking to trade at this time.

Thanks,

Darren
