

Head & Neck Restraint recertifications

Posted by JerryW - 09 Feb 2012 14:40

I just noticed the following thread on the NASA forums in the GTS section relating to the re-cert of HNR devices:

www.nasaforums.com/viewtopic.php?f=44&t=54162

Reading down the thread covers both NASA's position as well as the Non HANS devices.
