

Apex Performance 15% off sale through X-mas

Posted by Sterling Doc - 07 Dec 2012 07:07

I just picked up a new helmet, shoes, and gloves to replace my worn out and outdated stuff. This really adds up on expensive safety equipment! Promo code is Black Friday.

I was looking at taking this chance to buy a fire system for the car to replace the hand extinguisher. They only sell ESS and I don't know the ins and outs of all the different types. Is the 2.3 liter AFFF suitable? Any other better or more suitable systems out there?

Most of us use the AFF system - just remember to take it out if your car is exposed to freezing conditions. 15% off is a \$75 discount on a 5L system. This is what I run, and I'd recommend it over the 2.3 L system.
