Since there's an east coast thread, might as well start a west coast thread.

Who's planning to go? Barring any unforeseen problems, I plan to be there.

Looks like registration doesn't open until June for this event:

No, but seriously folks.....

The weather forecast looks perfect. high 70's-low 80's, 0% chance of rain, 5-7ph breeze from Thursday thru Sunday. Let's see if the weather.com forecast holds.

Another national event, another set of dyno controversies, and more non enforcement of clear cut rules.

Several hours removed from the situation and I'm still very frustrated about it. I will be hard pressed to do another national event where the rules seem very clear but enforcement is lacking
