Spec944 Year Choice? Posted by SemperFi75 - 16 Apr 2014 04:22
Hi Gents/Ladies
New to Spec944 forum Sorry, but have been "air-cooled" driver for many years GTS3/TTC 911 Carrera and SC in the barn Thinking of adding Spec944 to the stable .
For the limited years 83-88? 2.5L naturally aspirated, is there a better year choice of car to seek out? IF you had to do it over? A year that had just something else over another year car?
I will be building from scratch, and doing my own thing Appreciate the feedback!
