Nationals Update Posted by Sterling Doc - 30 Aug 2014 18:19

So imagine a 4 way tie for pole position in the championship race. Stanley, Walsh, Pina, and Barton all ended up with the same amount of points after the two qualifying races. The tie breaker of fast lap left them in the respective positions above. Neal Agran had an axle failure that resulted I a light brush with the wall. After missing th 1st qualifier, Agran went front last to 1st ! Stanley set the fastest lap time today. Should be a good race! Stay tuned!
