Guys,

The early bird discount drops $100 the 1st of June, so get online today, and get yourself signed up for Nationals here: www.nasaproracing.com/event/1369

I just got done racing in a 20 car filed at the Rocky Mountain High Plains event. I can tell you that racing in such a big field is a unique, and awesome event! I also found out first hand there is some serious talent out there that needs to give nationals a shot! We will again have coaching and Traqmate data from smoking laps at Mid-Ohio to help get everyone up to speed for some great racing!

I can also set you guys up for a paved paddock space in the 944 Spec group spot for $75 per 10x40 spot - a great deal that NASA is giving to us to help keep our large class cohesive.

So far I have paddock spaces requests from:

Neal Agran - 1

Dan Pina - 1

Angel Blazquez - 1

Sean Thule - 4

Sam Grant - 1

Sid C. - 1

Lets show off the class like last year, with a big turn out, and fast, clean, racing! Let me know if I can help you get on board in any way!

_____

I'm signed up to drive the Bennington rental. I assume they have a paddock space?

They haven't contacted me yet, but we have room. Are you going to run the red, or green car?
