NASA-MS@	Barber
Posted by AEvans - 09	

We have a good bit of time until Barber with the Mid South crew but based on some chatter at the last Road Atlanta event, it's sounding like we may have a nice sized field out there. The event isn't until the end of October but I'll kick this off with a roll call of drivers in hopes that those with a soft commitment might fold to peer pressure...

Just confirming I won't be at Barber and am out for the foreseeable future with my hip replacement. With a large group, this looks like it will be great fun. Wish I could join you. Have fun! Pete

Total of 12 registered and I think that will cover everyone that I am aware of.
Nice to keep up the tradition of having the largest race class at our events.
See everyone Friday.

Dont forget to bring your costumes! Those that show up at the track without one will be at the mercy of the class for the 'loaner' costumes!
