

cheap 944 donor car alert - Indiana - 87 944 \$350

Posted by joepaluch - 30 Nov 2008 22:49

Saw this on rennlist.

Seems like a good buy.

<http://forums.rennlist.com/rennforums/showthread.php?t=468857>

Well, maybe not so good..

I found this in another area.

195,000 and bottom end is locked up due to PO blowing the headgasket and still driving it!

head is not included, only bottom half of motor, tranny, torque tube

So you get basicly a body.... Not such a good deal since much of the interior parts have been parted.
