

944 Spec build 2/25/12 in Cumming, GA

Posted by S2k4j - 05 Feb 2012 18:24

Here we go, time to start on another southeast 944 spec car!! The interior has been stripped so all the goodies have been claimed, but there is still plenty to do and possible surprises. Swing by the chicken shack to help us rebuild the motor, suspension and brakes.

Party starts at 9AM on 2/25/12 in Cumming GA, lunch and beer will be provided -no light beer! Stop by to help, hang out or show off your ride. Stay as long as you want, overtime will not be paid!

PM me for locations and details -Hope to see a huge crowd as we build the 944 spec series in the southeast!!

Great. I'll put together the karaoke CDs. It will be just like the road trip from Tommy Boy.

What a great build day! Thanks to Mike (Commander), Fred (Fast Tater), Brian, RJ, Skip, Greg, Andy, Pat, Duff, Brian W. for the support! We accomplished a lot in one day, engine rebuild, front suspension and new brakes all the way around. We took her off the lift and the newest NASA SE 944 Spec breathed life! :twisted: And oh baby does she sound good! 8)

Pics will follow in the next few days....stay tuned for our next party towards the end of March - beginning of April where we will be swapping out the transmission and building the rear suspension. As always we

will have other goodies to play with and everyone is invited!!!

Jason,

What a great time this weekend. You are a slave driver. Motor, brakes, suspension. Phew. Thanks for the hospitality and joining 944Spec. See you at Road Atlanta.

Time to finish what we started with my 944spec. The engine is done and roll cage is in. Time to finish by installing a transmission and build the rear suspension. We will also be weighing, balancing and setting the car up.

Join us on 3/24/12 in Cumming, GA. we will once again provide lunch and beer. Come to work or just hang out. Starts at 9am. Message me for details.

Yes it's time to get Jason's car ready for the track. We are growing by leaps and bounds. If you are

interested in joining the fun or just want to see a car readied for the track please come on by. Next up will probably be Taters (Fred) car.
