## 944-SPEC - 944SPEC - low cost wheel to wheel racing Generated: 4 November, 2025, 20:31

| Seat installation w/ ripped out bolt damage Posted by Jump07 - 30 May 2008 06:19   |
|--|
| This morning one of the bolts holding down the front of my seat ripped right through the floorpan. Has this happened to anyone else? |
| I am hoping that it is repairable with welding another threaded bit on?  |
| I am thinking this would be a good time to install my Kirkey seat. Has anyone welded their brackets directly to the floor?           |
| What are my options here?  |
| Thanks,  |
| Jeremy   |
