

Head & Neck stuff

What is everyone getting?

CDOC only carries the \$\$\$\$ HANS stuff, and I found I/O Port has both HANS, Hutchens and the R3 Rage. It looks like the R3 Rage is the least expensive choice. Blah... still not happy about being forced into buying \$700-1200 worth of Carbon Fiber and Straps.

I got at HANS back in late 2005. They only had one model back then. You can also contact Jim Byant at apex-spg.com.

Most places have the HANS at fixed prices.

Both DART and CDOC can get you a HANS Sport with sliding tethers for \$710 shipped. For CDOC, contact Mark directly at 540-832-1640 x115.
