

Stock Seats for sale ?

Posted by SvoChuck - 14 May 2008 14:41

I sold all of my seats but still have a couple of folks looking for seats ... So does anyone have any stock seats they want to sell ?

I sold them for \$200 , \$75 and \$50 per pair.

Yep, we still have a pair from Michelle's car. They are tan and are in reasonable condition. I'll sell them for \$50.

I have one in so so condition that I will trade for possible help on my rear suspension adjustment on Friday.

I lowered the torsion bar bracket but not sure if it changed the toe or if it will go lower.

I've got a lot of stock spare parts right now. Passenger Seat, shocks and struts, sway bars, springs, 10 inch 350# springs, complete engine with shredded crank, exhaust manifold... the list goes on.
