

Road Atlanta

Posted by wera44 - 21 May 2015 09:49

I'll be there on the 5th (actually I'll be there the night before) helping a buddy with comp school. I'll bring caution tape to block off a section this time if everyone wants to be together. Any requests on where we should park.

It looks like we will all be shoved onto the DE side again. I'm fine with trying to stay somewhere near where we are supposed to be. I think we want to be on the outside of the area called out (link below) but near power for those of you with power needs.
